JOHN SULLIVAN: AN UPDATE

Q. Are there any new developments in the John Sullivan case?

A. Although our embassy in San Salvador continues to pursue any information it receives concerning Mr. Sullivan, we still have not been able to develop any solid knowledge regarding his welfare and whereabouts. In response to an ad the Sullivan family has been running in the local Salvadorian press, in mid-December our embassy in San Salvador received a letter claiming knowledge of Mr. Sullivan's fate. We are now attempting to verify the information contained in this letter.
